

USB Presentation Case

Edge Line (Black): For full bleed printing your artwork must touch this black line.

Safety Margin Line (Purple): Do not place text or artwork closer to the edge than this line. The only exception is when you want full bleed printing.

Color Space: To ensure the most accurate color rendition of your RGB images make sure they are embedded with an sRGB color space profile. sRGB is the only RGB color space that is recognized by the RIP during the final conversion to CMYK for printing.

Specifications

Page Size: 11.3125" x 4.6875"

Margins: 1/4" (.25)

Spine & Hinge Area
