Restorations

Restoration is a process of repairing and rebuilding old or damaged photographs. Your original is first scanned or digitally photographed causing it no harm and then the image is digitally restored. Each restoration job is unique and the price to restore the image is determined by the condition of the original and the objectives of the customer. After looking at your original we can provide you with an estimate of the "photo restoration time" needed and then you can choose from one of the cost saving packages offered below.

All Restoration Packages Include:	Photo Restoration Time				
	1/4 hr.	1/2 hr.	3/4 hr.	1 hr.	1.5 hr.
<ul style="list-style-type: none"> • A scan of your original • Photo restoration time • 5x7 or 8x10 approval print (glossy or matte) • Digital Download of completed image 	\$53.00	74.00	\$94.00	\$121.00	\$155.00

Retouching

Sometimes small imperfections detract from that otherwise perfect photograph. Our retouching artists can remove those flaws without a trace of the original problem. Because each circumstance is different we have put together a list of "Standard Retouching Items" where you can choose one or more of the appropriate retouching solutions. (Turn-around: 48hr.) Prices do not include scanning.
